
Benefits of Submitting Abstracts to ISUOG 2024

The [ISUOG World Congress](#) is the leading event for ultrasound professionals in obstetrics and gynecology. Our abstract submissions are a fantastic opportunity for you to participate directly in the event and share your research with thousands of leading experts.

Here are some of the many great reasons for you to submit an abstract to the 2024 World Congress:

- Raise the profile of your research by presenting **live on stage** in Budapest.
- Participate in lively discussions with **leading ultrasound professionals** in abstract sessions and networking events.
- Have your abstract considered for the prestigious **Top Abstract** and **Best in Category awards**.
- Display your poster in the Congress exhibition on our new **digital poster screens**.
- Authors from low-resource countries can apply for a [Congress Travel Grant](#).
- If you are still in training, you will be eligible for one of our **Young Investigator awards**.
- Meet with experts in your field from around the world to exchange ideas and explore **opportunities for collaboration**.
- See your abstract **published** in the Congress program and UOG Journal supplement.
- Access an **on-demand recording** of your presentation after the event.

All abstracts will undergo expert review, with the highest-scoring ones selected for live presentations at the World Congress in Oral Communication (OC) and Oral Poster (OP) sessions. If you are invited to present in an OC or OP, our team will support you throughout the process. We have implemented comprehensive support to assist you in preparing for the event.

- Thorough guidance on our website to help you prepare your abstract and presentation.
- Access to tips and advice from world-renowned experts in the field.
- A full briefing ahead of the event so you'll know exactly what to expect when you arrive in Budapest

We look forward to welcoming you to Budapest and seeing your contributions to the World's leading Congress for ultrasound in obstetrics and gynecology.
