

Collagen Matrix, Inc. Names Tony Orsini Chief Operating Officer

Collagen Matrix, Inc., a leader in regenerative medicine, global manufacturer of collagen- and mineral-based medical devices, and Linden Capital Partners portfolio company, announced today the appointment of Tony Orsini as Chief Operating Officer.

Tony has an extensive background in operations and team leadership, most recently serving as Chief Operating Officer at Flexan, a leader in custom medical device manufacturing solutions and former Linden Capital Partners portfolio company. He began his career in the United States Army and then held a variety of plant management positions with Rubbermaid Inc. before moving into senior operational positions at Dorskocil Manufacturing Company and Hill-Rom. Tony also served as Chief Operating Officer at Diam USA and then moved into Senior VP positions at Fenwal International and Beaver-Visitec International. He holds a Bachelor of Engineering from United States Military Academy at West Point and a Master of Business Administration from Wake Forest University.
