

Dr. Sebastian Krolop appointed Chief Operating & Strategy Officer of HIMSS

Dr. Sebastian Krolop, M.D., Ph.D., M. Sc. has recently been appointed the Chief Operating & Strategy Officer (COSO) of HIMSS.

In his role as COSO, Sebastian is now accountable for working across the organisation to coordinate operational goals and design with HIMSS's strategic plan. Sebastian leads HIMSS Analytics and HIMSS Media operations. He also leads international consulting in collaboration with Healthbox, a HIMSS Innovation Company, and the international HIMSS Analytics team.

Sebastian leaves his most recent role at Deloitte Consulting where he served as partner and industry lead for life sciences and health care in the German markets.
