

EOS imaging Reports Full Year 2016 Results

- 2016 revenue of €30.8 million, up 41%
- 2016 operating loss reduced by 31% to €4.6 million
- Cash position: €14.9 million at December 31, 2016

EOS imaging, the pioneer in 2D/3D orthopedic medical imaging, has announced consolidated results for the full year ended December 31, 2016, as approved by the Board of Directors on March 22, 2017.

Marie Meynadier, CEO of EOS imaging, commented: "In 2016 we achieved significant milestones in the Company's international development, including the initiation of two partnerships with leading orthopedic implant companies that strengthen our marketing capabilities in the United Kingdom and Japan. We have also continued to expand our EOSapps offering for which the online 3D spine, hip and knee planning modules have all received FDA approval."

"On the financial side, we delivered strong revenue growth along with a significant reduction in our operating loss. This performance resulted in an improvement in our net income and a sharp reduction in our cash consumption."

2016 FINANCIAL HIGHLIGHTS

Revenue growth of 41.8% to €30.8 million

EOS imaging reported full year 2016 revenue of €30.8 million, an increase of 41% compared to the prior year. Equipment sales grew by 40% to €25.1 million. Recurring revenues were €5.7 million, up 44% compared to 2015. Recurring revenues included sales of maintenance of €4.69 million and sales of consumables and services of €1.02 million.

In addition, the Company received €2.3 million in public grants in 2016 to support ongoing innovation, including a research tax credit recognized in "Other income".

Gross margin improvement of 70 basis points and reduction by 31% of the operating loss

Gross margin for the full year 2016 was 47.4%, an improvement of 70 basis points compared to the prior year.

Operating expenses for the full year 2016 totaled €37.7 million, up 24% compared to the prior year. Operating loss for the full year 2016 was €4.6 million, a reduction by 31% compared with an operating loss of €6.7 million in 2015.

Net financial expense for the full year 2016 totaled €1.6 million, compared to €0.5 million in 2015, reflecting interest expense on the Company's €15 million debt financing, the last tranche of which was drawn in June 2016.

Net loss for the full year 2016 was €6.2 million, a reduction by 14% compared with a net loss of €7.2 million in the previous year.

The Company had 129 employees at December 31, 2016, compared with 122 employees at December 31, 2015

Summarized Income statement

□
